The Lion of Judah has prevailed! Haile Selassie I, Elect of God, King of Kings of Ethiopia

“...There is no greater day of gratitude and joy for Christians than celebrating the birthday of Our Saviour Jesus Christ.”

“...With the birth of the Son of God, an unprecedented, an unrepeatable, and a long-anticipated phenomenon occurred.”

“...Peace be to those who have good will.
This became the first message.”

“People of America! I wish you a merry Christmas. I plead with you to remember in your prayers all those weak and endangered peoples who look to the flags of the free nations with confidence, hoping to discern the star which will announce their peace and future security”
